Mahshid Roshandelpir

Authorized to work in the US for any employer as permanent resident

(714) 360-9095
mroshand@mywvm.wvm.edu
1235 Wildwood Ave, Apt 70, Sunnyvale, CA 94089

Summary

Mahshid has academic and hands-on experience in information technology engineering. Specifically, she is well experienced in computer software and hardware maintenance, internet operations, and web design. She has passed several courses related to IT engineering and management, computer software and hardware, web design and development, and computer networking.

Education

Web Developer Certificate   Jan 2021 – Jul 2022
Mission College, Santa Clara, CA   GPA: 4.0 / 4.0

Selected Courses:
Introduction to computer hardware and software (A+)
Introduction to computer science
Web design and development 1 and 2
JavaScript 1
Web animation
User experience, interface
Social media marketing
Python programming
Database management systems 1

BS in Information Technology Engineering   Sep 2012 – May 2017
Azad University, North Tehran Branch, Tehran, Iran   GPA: 16.53 / 20
Thesis: "A Survey of Smart Building Management Systems"

Selected Courses:
IT Fundamentals
IT Project Management & Control
IT Strategic Management
Scientific & Technical Presentation
Network+
Computer Networking 1&2 & Lab
Artificial Intelligence
Management Basics
Engineering Economics
Organizational Behavior Management
Entrepreneurship
Logic Circuits
Computer Architecture
Digital Electronics
Software Engineering 1&2
Operating Systems & Lab
Programming & Algorithm Design
Theory of Languages
Database Design & Lab
Computer Graphics
Multimedia Systems

Experience

IT Engineering Intern   Jun 2015 – Sep 2015
Road, Housing & Urban Development Research Center, Tehran, Iran
- Data Entry
- Computer Software and Hardware Maintenance
- Internet Operations

Class Projects   Sep 2012 – present
- Design sample web pages using HTML, CSS, and JavaScript
- Design responsive and interactive websites with forms, galleries, etc.
- Design a simple computer game with Adobe Animate
- Design a user interface for an airline with Figma and Adobe XD
- Design a database management scheme for a bookstore using SQL
- Design an online library with Rational Rose Enterprise
- Design dynamic graphics with OpenGL

Skills   **Software**

Computer Maintenance, Operating Systems, Internet and Searching, Microsoft Office, ICDL, Data Entry, Accounting, Mobile Device Management, Social Media, Computer Graphics, OpenGL, Multimedia Builder, Python, SQL, Rational Rose Enterprise, Web Design and Development (HTML, CSS, JavaScript), VMWare Networking, Network+, Cisco Packet Tracer, Adobe Animate, Adobe XD, Figma

Hardware

Computer Maintenance, Computer Assembly, Networking
